Stormwater News You Can Use

ADOPT-A-DRAIN LAUNCHES

The Stormwater Department is pleased to announce our latest volunteer opportunity: Adopt-a-Storm Drain. Town residents, businesses, civic groups, organizations and students can adopt a local storm drain and do monthly clean ups.

Town departments are able to volunteer too! In fact, the Stormwater Department would like to **challenge** each Town department to adopt a storm drain. The departments that participate will win prizes (yet to be determined, but most likely snack/food related!)

RETURN OF THE KONA

Stories & Shaved Ice returns June 8th!

Make plans to join us at Walter Elisha Park on June 8th for our first Stories & Shaved Ice event of 2022. Once a month at a local park, we'll have a fun story & activity for the preschool/young elementary school age kiddos and of course Drippy will make an appearance too!
