- Knowledge of work safety principles and practices.
- Skill in the operation of assigned vehicles and equipment.
- Skill in the use of hand and power tools.
- Skill in problem solving.
- Skill in interpersonal relations.
- Skill in oral and written communication.

SUPERVISORY CONTROLS

The Sewer Maintenance Supervisor assigns work in terms of general instructions. The supervisor spot-checks completed work for compliance with procedures, accuracy, and the nature and propriety of the final results.

GUIDELINES

Guidelines include OSHA regulations and department policies and procedures. These guidelines are generally clear and specific but may require some interpretation in application.

COMPLEXITY/SCOPE OF WORK

- The work consists of related maintenance duties. Inclement weather and field conditions contribute to the complexity of the position.
- The purpose of this position is to participate in the repair and maintenance of sewer system. Successful performance contributes to the efficiency and effectiveness of utility services.

CONTACTS

- Contacts are typically with coworkers, customers, plumbers, vendors, contractors, and the general public.
- Contacts are typically to give or exchange information, resolve problems, and provide services.

PHYSICAL DEMANDS/ WORK ENVIRONMENT

- The work is typically performed while intermittently sitting, standing, walking, bending, crouching

or stooping. The employee occasionally lifts light and heavy objects, climbs ladders, uses tools or equipment requiring a high degree of dexterity, distinguishes between shades of color, and utilizes the sense of smell.

- The work is typically outdoors, occasionally in cold or inclement weather. The employee is exposed to noise, dust, dirt, grease, machinery with moving parts, contagious or infectious diseases, and irritating chemicals. Work requires the use of protective devices such as masks, goggles, gloves, etc.

SUPERVISORY AND MANAGEMENT RESPONSIBILITY

None.

MINIMUM QUALIFICATIONS

- Ability to read, write and perform mathematical calculations at a level commonly associated with the completion of high school or equivalent.
- Sufficient experience to understand the basic principles relevant to the major duties of the position, usually associated with the completion of an apprenticeship/internship or having had a similar position for one to two years.
- Or any equivalent combination of education and experience which provides required knowledge, skills, and abilities.
- Possession of or ability to readily obtain a valid driver's license for the type of vehicle or equipment operated.
- Possession of or ability to readily obtain an appropriate state-certified license for wastewater collection as appropriate.
